

Terrazzo Range

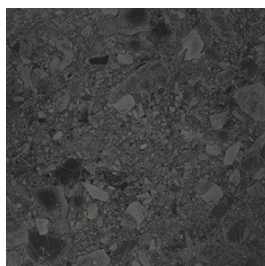

The Terrazzo range has unique features that have been designed to replicate natural pebbles and stones. If you want a stone look without the uneven surface, then this is the tile for you.

With a rectified edge this 600x600 tile is finished to a high standard throughout. The Matt finish allows the safe surface to be used in a variety of both interior and exterior areas.

Terrazzo Gris
Matt 600x600mm

Terrazzo Nero
Matt 600x600mm
