

# Summit In-Out Range

The Summit range is a soft stone looking tile with neutral background tones and subtle veining.

The matt finish version has been specially designed to provide more grip when water is applied, this flexible design feature allows the matt finish version to be used as both an internal and external tile.

# Summit Touch Range

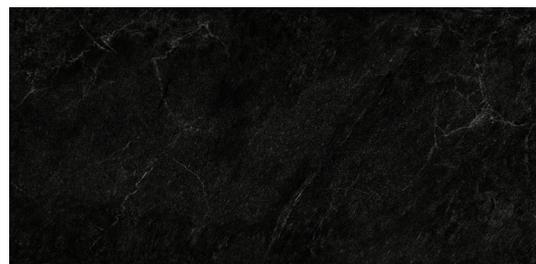

Summit Bianco Touch features a stunning soft stone style porcelain finish, with a leather look surface. The surface of this tile has been produced and machined to provide a beautiful feel under foot.

This tile is suitable for interior floor and walls. The neutral colour and pattern variation allows this tile to replicate a soft stone look with subtle veining.
