

Granito Life Range

The Granite Life range offers an easy care, anti-slip porcelain surface with a natural granite look. It is suitable for exterior and interior areas where slip resistance is important.

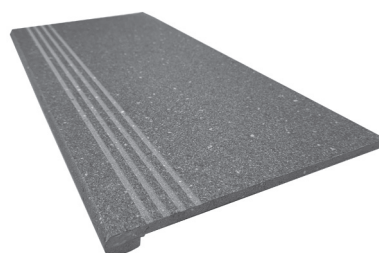

Common areas where this may be used are decks, patios, entry areas, swimming pool surrounds etc.

There are two colours available in this range, a classic grey with darker and lighter accent colours mixed, and a darker nero style.

Both colours are available with two bullnose options, which feature a rounded profile, and safety tread on the surface. These come in the sizes, 100x300mm, and 270x600mm.

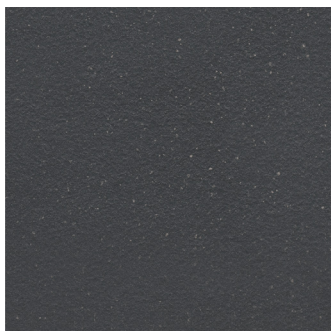

Granito Life Grigio
Antislip 600x600mm

Granito Life Grigio
Bullnose 270x600mm

Granito Life Grigio
Bullnose 100x300mm

Granito Life Nero
Antislip 600x600mm
