

## Amalfi Tile Range

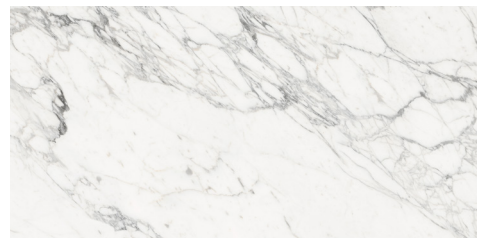

## Amalfi

### FLOOR & WALL TILES

Amalfi Touch features a stunning soft stone-style porcelain finish with a luxurious leather-look surface, expertly machined to offer a beautiful feel underfoot.

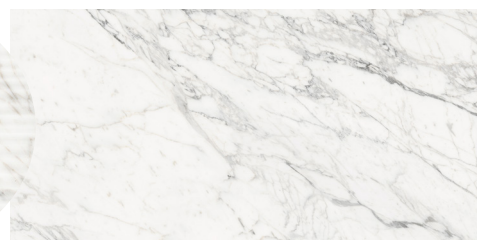

Inspired by the elegance of Carrara and Calacatta marbles, this range showcases subtle veining and neutral tones that bring a refined, natural look to any interior. Perfect for both floors and walls, the large-format design enhances a sense of space while reducing grout lines.

Elevate your design further with the matching Microflute decor tile which adds texture and visual depth with its fine, linear surface. Ideal for bathrooms, living areas or feature walls, Amalfi Touch blends timeless style with everyday practicality.
