

## Casablanca Tile Range

# Casablanca

## FLOOR & WALL TILES

The Casablanca range embraces timeless pattern with a soft, earthy palette designed to warm and ground any space. Featuring a subtle coloured base with gentle texture and a classic cross motif in natural contrasting hues.

Crafted in durable matt porcelain, the 300x300mm format makes it perfect for creating feature floors, entryways, bathrooms or statement splashbacks. The neutral colouring pairs beautifully with timber, brushed brass and natural stone, delivering a relaxed, organic aesthetic.
