Cotswolds Tile Range

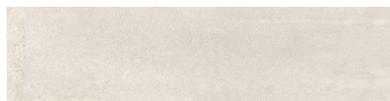

Cotswolds

WALL TILES

The Cotswolds Range features a matt finish with a natural surface, offering subtle texture and soft variation in tone. Its elongated format gives a modern update to the classic subway look, while the natural colour palette keeps the overall feel warm and versatile.

Ideal for kitchens, bathrooms and feature walls, it can be laid in traditional brick, stacked or herringbone patterns to suit both contemporary and timeless spaces. Durable and easy to maintain, it's a practical choice for everyday living.
