

Deva Tile Range

Deva

FLOOR & WALL TILES

The Deva Range offers the look and feel of Crazy Paving but in an easy-to-install tile format.

Designed to replicate the organic variation of natural stone, each piece showcases irregular shapes, soft tonal shifts, and textured detailing that create a relaxed, authentic look. Perfect for indoor and outdoor spaces, Deva delivers the character of hand-laid paving with the durability and low maintenance of porcelain tile.

Ideal for patios, pool surrounds, or feature walls, Deva offers warmth and rustic charm.

This tile is designed to be grouted in between the gaps meaning you can choose the best colour for your design.
